

## Your Chance to Chat with Charity!

Posted On Jan 25, Posted by [Charity Preston](#) Category [Teaching Tips](#)

Do you want to be on the radio? How about on a radio station dedicated to teachers only - the first and only of its kind? [TBA Today](#) is currently accepting all types of guests - mainly anyone who wants to chat!

Maybe your passion is gifted education, or you have a really great tip for building reading comprehension? Do you use The Daily 5 or Singapore Math and want to talk about the pros and cons for other teachers who might be contemplating using it as well? Are you an author who wrote a book or a blogger who wants to get the word out? Maybe you are a parent who wants to advocate ways teachers can work with parents more closely in the school? Anything

goes and we want to hear what YOU want to talk about! It only takes 10-15 minutes to do the show - everyone has that much time. :)

Please fill out the form below and as we have openings, someone will be in touch! Thanks so much and we look forward to hearing from you!
